

VRIS UPDATE

JOB SEARCH STRATEGY FORM

Effective 8/15/2007

Number 100

SUMMARY OF UPDATES

The Job Search Strategy form was revised to allow for an individualized written strategy rather than a checklist. Instead of checking “yes” or “no” on a list of placement services and commenting on them, the new strategy form will ask you to check the consumer placement needs and incorporate them into a 90 day written job search strategy.

VRIS POSTING

This form will replace the current one in Case Service forms and Worksheets. Please use your existing supply before ordering the updated form.
